CUBA-USA MEETING OF STATISTICIANS

Within the activities of the INTERNATIONAL YEAR OF STATISTICS (IYS) the Universidad de La Habana organized the 10th International Workshop on Operations Research. Another activity, within IYS, was the visit of a group of statisticians of the American Statistical Association, headed by its president Marie Davidian, in May 2013.

During the visit they and Cuban statisticians shared their experiences in teaching and research. The Sociedad de Matemática y Computación, headed by Luis Ramiro Piñeiro, hosted the visitors.
